

Cost of fiber optic splice boxes in Myanmar

Article Overview

Fiber optic splice boxes in Myanmar range from approximately 3,400,000 Kyat for fusion splicers to competitively priced IP68 waterproof splice enclosures for 48-core networks.

Pricing Overview

- **Fusion Splicer:** A GLK-14X fusion splicer is currently priced at 3,400,000 Kyat in Myanmar, slightly reduced from its original price of 3,500,000 Kyat, making it suitable for professional fiber optic installation and splicing tasks .
- **Fiber Optic Splice Enclosures:** High-strength, IP68 waterproof splice boxes designed for overhead and direct burial applications, accommodating up to 48 fiber cores, are available online in Myanmar at competitive prices. These enclosures are ideal for telecom providers, utility companies, and contractors managing extensive fiber networks .

Market Trends

The demand for fiber optic splice boxes in Myanmar is influenced by the expansion of fiber-to-the-home (FTTH) networks, 5G infrastructure, and data center growth. The market is shifting toward high-density, modular, and weather-resistant enclosures capable of supporting 144-576 fiber counts, reflecting the trend toward dense fiber architecture
