

Custom Molded Cable Tray Elbow Manufacturer

Article Overview

Leading manufacturers of molded cable tray elbows include KDM, Qiongkai Industrial Co., and Atkore, offering stainless steel, aluminum, FRP, and galvanized options for industrial and commercial applications.

Key Manufacturers and Offerings

KDM (China) KDM produces a wide range of cable tray elbows with thicknesses from 1-10 mm, suitable for heavy-duty operations. Their elbows are available in interior vertical, exterior vertical, and horizontal designs, with radius options of 12", 14", 24", and 36". Materials include stainless steel, galvanized steel, and aluminum, and the products comply with NEMA standards. KDM elbows are designed for easy installation, secure cable management, and long-term durability, suitable for structural pipes, hydropower, gas, and industrial applications (KDM Steel) . Qiongkai Industrial Co., Ltd. Qiongkai offers flexible aluminum alloy and galvanized cable tray elbows, customizable for various projects. Their products are designed for industrial, commercial, and high-tech environments, including data centers and telecommunication rooms. They provide a full range of accessories such as cable ties, clips, ladders, and covers, ensuring organized and secure cable management. Qiongkai elbows can be tailored to specific system requirements, supporting both horizontal and vertical transitions (Qiongkai) . Atkore Atkore manufactures prefabricated mill-galvanized steel cable tray systems with ventilated or solid bottoms. Their fittings include horizontal and vertical elbows, tees, reducers, and cross pieces, offering flexibility for complex configurations. Atkore emphasizes ease...
