

Data Center of Pakistan Internet Company

Article Overview

Pakistan hosts a growing network of data centers, with leading facilities like Jazz Digital Park and Multinet providing Tier 3 certified, scalable, and secure infrastructure for businesses.

Major Data Center Providers

Jazz Digital Park is Pakistan's largest Tier 3 certified data center, offering 24-hour backup, scalable infrastructure, and pay-as-you-grow options, making it suitable for businesses of all sizes . Multinet Pakistan operates multiple data center services under its MyCloud and MYMS platforms, providing cloud solutions, disaster recovery, IT security, and Fiber To The Tower connectivity. Their infrastructure supports over 3,000 enterprises and 13,000 connected sites, emphasizing high performance and data security . Other notable companies include Instec Digital, which focuses on software-defined data center technologies, cloud, virtualization, and storage solutions; Digiroc Private Limited, offering secure and reliable facilities for mission-critical operations; CNS Engineering, specializing in data center design and cloud migration; and Cache Cloud INC, providing high-end computing services including analytics, networking, and storage .

Services and Capabilities

Pakistani data centers typically offer:...
