

Fiber Optic Switch Quota

Article Overview

A fiber optic switch quote can be requested directly from manufacturers or distributors, with pricing depending on switch type, configuration, and technical specifications.

How to Request a Fiber Optic Switch Quote

To obtain a fiber optic switch quota, you typically need to contact the manufacturer or distributor with your requirements. Most companies provide a quote request form or direct contact options:

- Brimrose Corp. allows you to request a quote for standard or custom fiber optical switches, which are available in 1x2 or 2x1 configurations and support nanosecond switching speeds triggered by TTL-compatible signals .
- Fibertronics, Inc. offers quick quotes via phone or email for switches optimized for fiber optic signals, suitable for guiding data signals to different locations .
- Sercalo Microtechnology provides quotes for 1xN, 2xN, and NxM MEMS-based switches, with options for single-mode, multi-mode, or polarization-maintaining fibers, and switching times ranging from 0.5 ms to 10 ms .

Factors Affecting the Quote

The price of a fiber optic switch depends on several technical and configuration factors:

- Switch Type and Configuration: 1xN, 2xN, NxM, or custom matrix designs....
