

Huijue Trough-type Cable Tray Price

Article Overview

The price of Huijue Trough-type Cable Trays typically ranges from \$2 to \$25 per meter, depending on material, size, coating, and order quantity.

Price Overview

Trough-type cable trays, including Huijue models, are priced based on material, surface treatment, dimensions, and supplier margins. Common materials include galvanized steel, stainless steel, aluminum, and fiberglass reinforced plastic (FRP), with galvanized steel being the most cost-effective and stainless steel the most expensive due to corrosion resistance and durability . Aluminum trays are lightweight but pricier than steel, while plastic or FRP trays are budget-friendly for lighter loads .

Cost Factors

- Material Type: Steel < Aluminum < Stainless Steel < FRP
- Surface Treatment: Hot-dip galvanizing (HDG) increases durability and cost; powder coating adds protection and color options .
- Tray Dimensions: Wider or taller trays require more material, increasing price.
- Order Quantity: Bulk orders can reduce costs by 20-50%, especially when importing from China .
- Accessories and Installation: Fittings, covers, and labor add to the total cost.

Supplier Options

Huijue trough-type trays can be sourced directly from manufacturers or distributors...
