

Malaysia Power Distribution Box Manufacturer

Article Overview

Leading manufacturers of power distribution boxes in Malaysia include Powerwell, SRS Power Engineering, Davis Malaysia, and SKKBOBOX, offering certified, high-quality electrical distribution solutions.

Key Manufacturers

Powerwell Group Powerwell specializes in the design, manufacturing, and trading of electricity distribution products with over 25 years of experience. They supply solutions for both local and international projects, providing reliable and durable distribution boxes suitable for various applications. SRS Power Engineering Founded in 2002, SRS Power Engineering is a recognized leader in medium-voltage (MV) and low-voltage (LV) switchgear manufacturing. Their products are ASTA Intertek certified and comply with ISO 9001, ISO 14001, and ISO 45001 standards, ensuring high safety, reliability, and performance. They focus on innovation and customer-focused solutions for critical environments such as data centers. Davis Malaysia Davis Malaysia is renowned for advanced power distribution systems and cable management solutions. With over 60 years of experience globally, they manufacture underfloor trunking systems and power distribution boxes that meet stringent international standards, suitable for industrial and commercial installations. SKKBOBOX SKKBOBOX provides customized electrical box solutions for residential, industrial, and photovoltaic applications. Their products are certified with UL, CE, IP, IK, and CCC standards. They offer metal distribution boxes with IP66/67 and NEMA 4X ratings, supporting OEM/ODM services and global delivery. SKKBOBOX emphasizes f...
