

Price of blue cover plate for distribution box

Article Overview

Blue cover plates for distribution boxes typically range from \$10 to \$30 per piece, depending on size, material, and brand.

Overview

Blue cover plates for distribution boxes are usually made of impact-resistant plastic or polycarbonate, often transparent to allow visual inspection of circuit breakers without opening the box. They are designed for indoor or outdoor use, with some models offering weatherproofing and double insulation for safety. Commonly, these covers are compatible with 5-12 module distribution boxes and can be mounted on walls for residential, commercial, or industrial applications.

Pricing Examples

- Amazon listings for plastic or transparent blue distribution box covers generally range from \$10 to \$25, depending on the number of ways (5-8 ways) and material quality.
- Specialized industrial covers, such as the Hensel FP BA 70, are made from halogen-free polycarbonate and meet IEC standards. These are sold in packs of 2, but pricing is not listed online; customers are advised to contact suppliers like Tameson for quotes, which may range higher due to compliance and durability features.
