

Price of fireproof sealing for cable trays and conduits

Article Overview

Fireproof sealing for cable trays and conduits varies widely, typically ranging from \$10 to \$100+ per unit depending on type, fire rating, and installation requirements.

Types of Fireproof Sealing Products

- Firestop Caulks and Sealants
 - Intumescent caulks like IC 15WB or 3M Fire Barrier Moldable Putty+ are applied with a standard caulking gun and expand under heat to seal penetrations .
 - Prices generally start around \$10-\$30 per tube, depending on fire rating and volume.
- Firestop Pillows, Plugs, Sheets, and Wraps
 - Products such as AF BAGS are intumescent pillows certified for up to EI 240 fire rating, suitable for cable diameters up to 21 mm .
 - These are reusable and allow easy maintenance or retrofitting.
 - Typical cost ranges from \$50-\$100 per pillow, influenced by size, certification, and material composition.
- Hybrid and Specialty Sealants
 - Water-based, low-VOC, or hybrid sealants combine fire resistance with acoustic sealing and flexibility .
 - These may cost more due to advanced material properties and compliance with international fire codes....
