

Recommended Long-Span Cable Trays in Hungary

Article Overview

Hungary offers a range of suppliers for long-span cable trays, including metal and GRP solutions suitable for industrial and commercial applications.

Key Suppliers and Options

Emtron KFT provides comprehensive cable tray systems and electrical materials for industrial and personal construction projects, offering technical support in Hungarian, English, and Korean . Their solutions are suitable for large-scale installations requiring reliable long-span support. AVIUS.hu specializes in GRP (Glass Reinforced Plastic) cable trays, which are ideal for highly corrosive environments. GRP trays are completely metal-free, transparent to electromagnetic waves, and capable of supporting large spans without grounding . BázélKábel Ltd. offers modular cable tray and ladder systems designed for organized and safe cable management in industrial and commercial settings. Their modular design ensures quick installation and long-term reliability, which is beneficial for long-span applications . Micro Sheet Crafts manufactures cable trays in Hungary using high-grade steel and other durable materials. They provide customized solutions that meet stringent quality standards, with modular designs and on-time delivery, making them suitable for projects requiring long-span cable support . Demka Electrical Suppliers offers heavy-duty cable trays designed for industrial facilities such as petrol and gas plants. These trays are engineered to withstand high cable weights, making them suitable for long-span installations in demanding environments
