

South Sudan Spectrometer Selection

Article Overview

South Sudan offers multiple options for acquiring spectrometers through local distributors, international suppliers, and government-supported procurement channels.

Local Suppliers and Distributors

Hachfeld Limited provides laboratory equipment, reagents, consumables, and analytical solutions to municipal, industrial, and research institutions in South Sudan. They offer technical support and access to global partners, making them a reliable source for spectrometers and related laboratory instruments . Europages-listed distributors and manufacturers such as PCB Service, i-RED Infrarot Systeme GmbH, HORIBA Scientific, SPECTRO (AMETEK), and Bruker Optics supply metallurgical, optical emission, X-ray fluorescence, and Fourier Transform Infrared spectrometers. These companies provide both new and refurbished instruments, calibration services, and technical advice tailored to industrial and research applications .

Procurement and Tenders

For organizations seeking formal procurement, TendersOnTime lists government and international tenders for laboratory equipment, including spectrometers. This portal provides access to RFQs, bids, and e-procurement notices, helping institutions identify competitive suppliers and comply with public procurement regulations .

Government and Regulatory Considerations...
